STAT CUP

EASY-TO-USE
FAST
ACCURATE

PROCEDURE

1 Remove Cap.

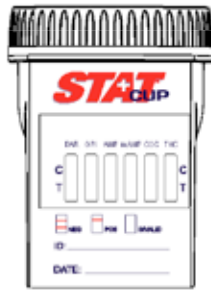

2 Donor provides specimen.

3 Replace the Cap securely. Peel off the blue label that covers the result window.

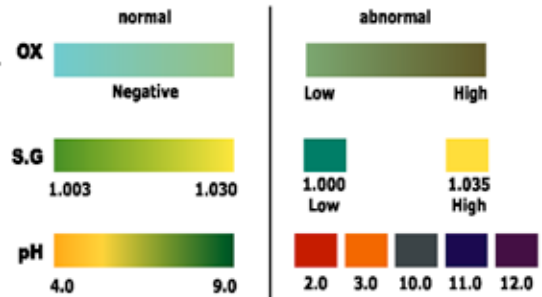

4 Read results at 5 minutes. Test results remain stable for a minimum of 60 minutes.

Negative results can be read as soon as they appear.
Read positive results at 5 minutes.

INTERPRETING RESULTS

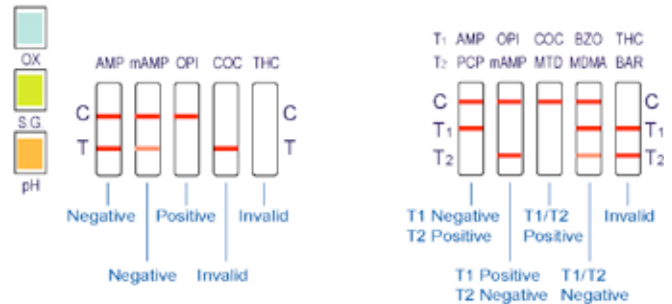

Interpret adulterant test strip between 3-5 minutes.
Refer to enclosed color chart for an accurate interpretation.
